To our friends and community,

With love and humbleness we share with you this monthly newsletter that has been co-created by our members.

**Connect, collaborate and grow for a better future.**

Summer is almost gone. September is here. New beginnings, with love and in togetherness. Daring to explore, experience and practice who you already are and creating what you love.

Opening to the world from the inside-out. Being in freedom with respect and love for everyone to grow individually and collectively. No matter where you are, where you stand, where you go. What matters is being who you already are, in the moment that you are, sharing with yourself and your like-minded others the amazing potential that you are.

Exploring with respect and humbleness your Power of Being. Experiencing your emotions, thoughts, and dreams to learn from yourself and from others by loving and valuing who you already are. Creating from love, from yourself through your uniqueness and potential. No one can do it for you, nor do it better than you.

Dare to be You! Feel the freedom of your being and doing. You are amazingly perfect imperfect!

### Society needs more people like you!

This is [Francesco Carvelli](#), co-creator of PiMOV, who in this video exposes his experience of growing into being, daring to be who he is and sharing his being through love, with the support of his like-minded others through the power of the community. Francesco mentions that love is everything, a framework that supports your growth into being. Being who you are, in vulnerability, allows you to let go of old patterns and explore new opportunities. Watch the video!

### Dare to dream big!

**Follow your heart and be in freedom to be!**

[Patricia Jean Fleming](#) so beautifully and vibrantly expresses what Freedom to Be means for her. As she goes on explaining what she's feeling and how she is vibrating through this freedom, one can only get inspired to follow your being to experiment this freedom.

Freedom to be is the leaving behind what encapsulates you, the following of the must's, the should's, that hide you behind these masks of "protection". Reality is that you are amazing, beautifully perfectly imperfect, with a humongous potential of growth when you explore, experience and practice to be who you truly are.

Let yourself shine through and discover the freedom to be!

**Lovely to meet you!**

PIMOVERs are to be found all around the world. Luckily some of us can meet in person and hashtag the pics in our community platform as #wearereal :)
